
Final Project

— 2025 Fall NTU Robotics —

Outline

- Introduction
- Important Dates
- Slides Content
- Competition
- Submission

Introduction

- Select your own robotics related topic
- Evaluation: 40% of your final score
- You can use our equipments or your own
- [Equipment Booking Form](#)

Important Dates

- 2025/11/10 Project Proposal
- 2025/12/01 Project Progress Report
- 2025/12/15 Competition
- 2025/12/22 Project Report/Video Submission

Project Proposal 11/10

- Prepare slides covering these points and present on stage
 - What: Explain your idea and name it
 - Why: Share your motivation
 - How: Introduce the equipment, software and techniques you will need
 - When: Tell us your schedule
 - Who: Division of work
- No template, use your imagination
- Upload your slides to NTU Cool before the class on 11/10
- Time limit: 7 minutes (5 mins presentation, 2 mins QA)

Project Progress Report 12/01

- Prepare slides covering these points and present on stage
 - Revise your expectations and objectives
 - Tell us (briefly) what you have done to achieve your goal
- Upload your slides to NTU Cool before the class on 12/01
- Time limit: 7 minutes (5 mins presentation, 2 mins QA)

Competition 12/15

- Prepare slides covering these points and present on stage
 - Slides: Explain the core ideas of your project
 - Demo: Prepare a live demonstration on the stage
 - Demo video: In case of your live demonstration fails
- Total limit: 20 minutes
 - 15 mins presentation + demonstration
 - 5 mins QA

Evaluation Criteria

- Creativity:
 - Is your idea original? What is your novelty?
- Challenge:
 - How hard is the problem you are trying to solve?
- Completeness:
 - To what degree did you achieve your initial goals?
- Presentation skill:
 - Was your presentation entertaining or boring?
- Scored by every team, TAs and Prof. Fu.
- The top 2 groups will be rewarded.

Submission

- Report
 - Format: IEEE conference paper style (Template: [Manuscript Preparation Section](#))
 - Length: At least 6 pages
 - Content: Describe all the technical aspects of your implementations in detail
 - Sections: Abstract, Introduction, Related Work, Methodology, Experimental Setup, Results, Conclusions

Submission

- Video
 - Format: TeamX_<Topic_name>.mp4 (16:9, 720p up)
 - Length: Less than 1 min
 - Content: Containing the most important parts of your project
 - Sections:
 - Title screen: Project name, Core idea, team members, date
 - Demo: Annotations to help the viewers to understand
 - Credits and acknowledgements
 - Add the video link in your report
